

# Aircraft Electrician Cover Letter

686 Cummings ShoresGabrielville, WA 01334-3747

**Dear Azariah Fisher,**

I submit this application to express my sincere interest in the aircraft electrician position.

In my previous role, I was responsible for information as required to newly appointed members of the Navy Secretariat and the Office of Secretary of Defense.

Please consider my experience and qualifications for this position:

- A previous background and experience of electrical engineering in the aerospace industry
- Minimum of 3 months electrical experience in an aerospace, automotive, military, manufacturing and/or maintenance environment OR enrollment in Electronics Technology courses or equivalent program
- Or equivalent ... Navy Collateral, Duty, Quality, Assurance Repetitive (CDQAR)
- Maintenance actions in aircraft forms and automated systems
- Additional skills and certifications applicable to aircraft modifications
- Experience in E-2 or E-8 aircraft cable assembly fabrication, modification and/or installation
- Experience in Aerospace Standard AS50881 Wiring Aerospace Vehicle and MIL-DTL-38999 connector termination, assembly and installation
- Knowledge of basic Navy quality management system

**I really appreciate you taking the time to review my application for the position of aircraft electrician.**

Sincerely,

Spencer Macejkovic
