

Aircraft Electrician Cover Letter

3217 Kuhn Prairie Larkinsmouth, KS 86068-3986

Dear Reese McKenzie,

I am excited to be applying for the position of aircraft electrician. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for comprehensive program management support for a variety of activities related to the acquisition, modernization, and life cycle support of Aircraft Carriers and their embedded systems.

My experience is an excellent fit for the list of requirements in this job:

- Experience and knowledge of aircraft subsystems such as electrical, hydraulic, communication, navigation
- Experience troubleshooting complex avionics issues to root cause
- E-2 aircraft experience
- Performed aircraft field modifications
- Recent QF-16 or F-16 experience preferred
- Minimum of 3 months electrical experience in an aerospace, automotive, military, manufacturing and/or maintenance environment OR enrollment in Electronics Technology courses
- Applicants with an active DoD Top Secret clearance preferred
- Agreeable to work period of performance - temporary assignment

I really appreciate you taking the time to review my application for the position of aircraft electrician.

Sincerely,

Tatum Waelchi
