

Analyst, Application Cover Letter

6438 Maddie Corners Skilesbury, CT 62353-5490

Dear Hayden Breitenberg,

Please consider me for the analyst, application opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for programming support on third party and custom PC applications, supporting the following systems in Workers' Compensation, Occupational Health, Recruitment, Joint Commission Mandatory Training, Pension and Compensation.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Working experience in insurance industry will be an advantage
- Knowledge of programming languages, ie
- Knowledge of Databases, ie
- Occasional weekend and weekday night-time support work
- Strong data analysis, analytical and incident trouble shooting skills
- Knowledge of SDS, CMP, ACSC, AIX, Linux, AS400, DB2, SQL or Windows
- Helpdesk experience is preferred
- Solid troubleshooting background

Thank you for considering me to become a member of your team.

Sincerely,

Avery Spinka
