

Analyst, Application Cover Letter

3111 Beatty Tunnel Rogahnview, IA 71391

Dear Marion Littel,

I would like to submit my application for the analyst, application opening. Please accept this letter and the attached resume.

Previously, I was responsible for recommendations for enhancements and changes that involve custom design, optional, and third party products to improve IT systems' efficiency and effectiveness.

Please consider my qualifications and experience:

- Knowledge of hospital regulatory requirements compliance and leading practices - The Joint Commission, CMS, HIPAA, Core Measures
- Project experience in planning, designing, building, implementing, testing, and training for projects ranging from maintenance and system upgrades to new functionality
- Experience presenting complex concepts, training and implementation methodologies with Clinical Professionals
- Experience responding to end-users, whether one-on-one or in a group setting
- BS in Computer Science or related IT discipline
- Proficiency in advanced T-SQL programming
- Proficiency in .Net programming with an emphasis on VB.NET, ADO.NET, ASP.Net, C#
- Self-motivated, energetic individual with a can-do attitude

Thank you for taking your time to review my application.

Sincerely,

Onyx Schinner
