Analyst, Application Cover Letter

40035 Vance RapidTownemouth, MO 12415-5658

Dear Landry Mueller,

I would like to submit my application for the analyst, application opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for input and designs around application integration with third party vendors based on APIs used for both the university's ERP system and between third party systems for secure data exchange.

Please consider my qualifications and experience:

- Home health experience an asset
- Strong technical aptitude and learning agility
- Knowledge of relational databases and basic SQL skills
- Excellent knowledge of Java (6 and above) and J2EE, 5+ yrs experience Excellent knowledge of Spring framework and Spring MVC,Hibernate 5+ yrs experience Experience with Spring Integration is big a advantage Excellent knowledge of Javascript – 5+ experience with some Javascript based framework (Jquery, DOJO, etc…) Excellent knowldege of SQL, 5+ yrs experience 5+ experience with writing Technical specifications
- Development of web services on the IBM mainframe using RESTful/JSON
- Experience with using Hewlett Packard Enterprises (HPE) SecureData (Voltage) encryption software
- Experience in UNIX, shell scripting and mainframe technologies
- Experience in web services (SOAP, REST, etc)

I really appreciate you taking the time to review my application for the position of analyst, application.

Sincerely,

River Zieme
