

Analyst Information Cover Letter

27122 Bins Drive East Ellynstad, WI 84935

Dear Story Bartoletti,

Please consider me for the analyst information opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for effective influence, to those not in direct reporting relationships, to mitigate information security risk through proactive collaboration and defined security risk management framework.

My experience is an excellent fit for the list of requirements in this job:

- Assess new and upcoming IT security threats and suggest mitigating strategies
- Evaluate new tools and techniques for securing the corporate environment
- Assist in the implementation of a corporate security awareness program
- BS in Information Security or related field
- Will have expertise in information security methodologies and their implementation and management
- Experience in assisting with policy/process definition
- Experience in implementing and managing security technologies
- Training and accreditation in industry recognised technologies

Thank you for your time and consideration.

Sincerely,

Quinn Parisian
