

Analyst Information Cover Letter

40661 Sol PortCoyfurt, IA 35730

Dear Baylor Gottlieb,

I submit this application to express my sincere interest in the analyst information position.

In the previous role, I was responsible for consultancy on project and services to support mitigation of risk and control implementation leading to effective risk management and provide consultancy on IT security, risk and compliance technologies to ensure business and regulatory requirements are met.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Computer Forensic Certification
- Malware Analysis Certification
- Network Exploitation Certification
- Strong knowledge of operating systems and networking preferred
- Applicable certifications preferred (GSEC, GSNA or CISSP)
- This is a great opportunity to develop the skills needed to progress in the Information Security field
- Review and implementation of report requirements
- Perform maintenance and implementation the BI Publisher environment including security reviews

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

River Mann
