

Analyst Information Cover Letter

96533 Kim HarborLake Robbyside, NM 70962

Dear Baylor Yost,

I would like to submit my application for the analyst information opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for oversight to ensure coordination of cyber security/information assurance operations with others at all levels of the corporation, especially information technology and industrial control systems, in order to identify, evaluate, and meet system-wide as well as operational unit information management needs and requirements.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Six-Sigma/ACE certified
- Experience in Intrusion Detection or Firewall Management systems
- Experience leading small cross-functional teams
- Multi-cultural/international experience
- Preferred certifications include OSCP, CISA, OSCE, OSWP, CEH, GSEC, GCIH, GPEN, , CISM, CISSP
- BA/BS in Computer Science, Information Technology, SANS training or equivalent experience
- Self-motivated while demonstrating a passion for Cybersecurity
- Familiar with Cloud Security Alliance and SANS top 20 critical controls

I really appreciate you taking the time to review my application for the position of analyst information.

Sincerely,

Peyton Mayert
