

# Analyst, Research Cover Letter

570 Nam GrovesLake Hoseaton, FL 38354-8134

**Dear Corey Treutel,**

I am excited to be applying for the position of analyst, research. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for ongoing analysis, insights and recommendations to various teams utilizing data, research and best practices from websites, mobile websites and other digital media to improve performance against digital goals and objectives.

Please consider my qualifications and experience:

- Experience analyzing small or mid-cap companies
- Strong verbal and written communication skills, with the skill to negotiate with creditors and other bondholders
- A passion for analysis and investing
- A self starter with a positive attitude, a sense of humor and an excitement and passion for investing
- Proficiency in using scientific computing tools like R, Python, SAS to conduct statistical analyses
- General familiarity with public health and preventive medicine principles
- Experience in epidemiological or public health research
- Knowledge of military structure and medical systems or military experience

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Reese Lueilwitz
