

Analyst, Research Cover Letter

93207 Riley PinesSashaven, WA 64650-8178

Dear Casey Konopelski,

I would like to submit my application for the analyst, research opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for media planning assistance for upcoming campaigns across channel selection, audiences recommendations, creative best practices, measurement and more.

Please consider my experience and qualifications for this position:

- Advanced Excel skills, including facility with graphic representation of data
- Grasp of research principles, including the formulation of research questions
- Curiosity, with an interest in problem solving
- Aptitude for working with quantitative data and interpreting/translating findings into meaningful narratives
- Creativity in proposing practical solutions
- Marketing, statistical, and analytical skills that will be a bridge between the marketing and research departments
- Research, track and generate quarterly statistics and trend reports for all segments supported by our brokerage firm
- Monitors medium and long term market trends by analyzing shifts in demographics, market force and economic indicators

Thank you for taking your time to review my application.

Sincerely,

Drew Klein
