

# Analyst, Support Cover Letter

230 Schmeler Spur Simonfurt, HI 07513

**Dear Tatum Kovacek,**

I submit this application to express my sincere interest in the analyst, support position.

In the previous role, I was responsible for routine budgetary and financial advice and guidance to managers, supervisors and project personnel regarding process, procedures, regulations, policies, and requirements.

My experience is an excellent fit for the list of requirements in this job:

- Scripting using VBScript / VBA / VB6 / Powershell / Visual Studio
- Supporting environments such as C#.Net / VB.Net / ASP.Net
- Strong procedural knowledge of customer support operations and best practices
- Working knowledge of the changing medical landscape, including the HCP, payer and health outcomes environment
- Understands customer channels and capable of assessing operational gaps
- Experience in continuous improvement driving to more self service
- Experience supporting field based teams in the use of complex technical tools
- Experience in writing reports based on technical systems meta data and content

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Briar Mitchell
