

# Android Developer Cover Letter

24143 Kilback MillLebsackberg, NV 17807

**Dear Lennox Collier,**

I submit this application to express my sincere interest in the android developer position.

In the previous role, I was responsible for architectural and industry best practices for Android apps in context of overall digital program.

My experience is an excellent fit for the list of requirements in this job:

- Experience with Unity and writing Android plugins
- Experience with a C++ based game engine and OpenGL
- Experience having written cross platform (iOS/Android) libraries
- Familiarity with other channels and platforms such Amazon Appstore and Facebook
- Deep knowledge of REST, SOA, XML, and JSON
- Experience with unit testing and automated regression testing for Android apps
- Experience in source control systems such as Git or Mercurial
- Collaborate and communicate with other developers to build technical solutions

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,

Lennon Kovacek
