

Android Developer Cover Letter

1842 Conn PassCarroltown, MO 36975

Dear Ryan Johnson,

I am excited to be applying for the position of android developer. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for technical guidance and coaching to other Android developers.

Please consider my experience and qualifications for this position:

- Will eventually lead teams and grow professionally
- Excellent at juggling multiple tasks
- Good understanding of MVVM & MVP pattern
- Have published at least one original Android application
- Knowledge of Espresso and Cucumber will considered as an advantage
- Have released at least one application into the Google Play Store personally or with a company
- Proficient in Android, Java
- Competence with Linux, GIT

I really appreciate you taking the time to review my application for the position of android developer.

Sincerely,

Frankie Klocko
