

Android Developer Cover Letter

735 Terica Plaza Josephview, NE 68459-9200

Dear Finley Thiel,

I would like to submit my application for the android developer opening. Please accept this letter and the attached resume.

Previously, I was responsible for technical expertise in Android development and iOS development.

My experience is an excellent fit for the list of requirements in this job:

- Design patterns (GoF) and architecture of the applications
- Expert understanding of Android SDK (Activity/Fragment Lifecycle, Services, Push, Location Services)
- Experience building Android custom UI components
- Solid grasp of mobile networking concepts and RESTful API web services
- Experience with Git or some other distributed version control system
- Good understanding of user experience on mobile devices
- Analytical and adept at problem solving with strong attention to detail
- Experience in basic 3D games

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Cameron Medhurst
