**Dear Tatum Lowe,**

I am excited to be applying for the position of android developer. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for technical leadership to an Android development project team.

My experience is an excellent fit for the list of requirements in this job:

- Very good knowledge of Java and Android SDK
- Very good knowledge of Android architecture and ecosystem
- Experience in integration with REST API (JSON)
- Knowledge of Android frameworks (eg, Dagger 2, Retrofit), Jira, Git, JUnit, Espresso, Android Studio, bash scripting
- Expertise in software application full life cycle (with maintenance and updates)
- Android application launched in the Google Play Store
- Android App development in Java
- SQLite or other SQL implementation

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Baylor Beier
