

AngularJS Developer Cover Letter

932 Armstrong Park Arleanville, MS 72274-0830

Dear Quinn Kutch,

I would like to submit my application for the angularjs developer opening. Please accept this letter and the attached resume.

Previously, I was responsible for oxygen, XMetaL, DITA and XML structured authoring support to technical editors/writers and SMEs.

Please consider my experience and qualifications for this position:

- Knowledge of distributed JMS (Kafka)
- A sound knowledge of Java script and other related technologies
- Mentoring experience, especially with developers in different locations
- Working knowledge of libraries/frameworks such AngularJS, node.js, D3
- Solid experience in of Angular JavaScript framework
- Knowledge of JSON parsing
- DevOps knowledge of MAVEN and Jenkins is a nice to have
- Developing code (objects / classes / stored procedures,) in support of the customer facing web applications

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Lennox Goodwin
