

AngularJS Developer Cover Letter

17968 Donnelly SummitStantonstad, HI 42605

Dear Haven Jenkins,

I am excited to be applying for the position of angularjs developer. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for design and delivery on complex deal types and screens in our AngularJS Web App deployed via OpenFin.

Please consider my experience and qualifications for this position:

- Experience with Angular JavaScript and JavaScript frameworks
- Good written & verbal communication skills in English and French
- Introduce and adopt best practices in software development, while taking risk and cost into account
- Experience with JavaScript frameworks and libraries (AngularJS, jQuery)
- Excellent knowledge of relational databases and ORM technologies
- Experience developing web applications using at least one popular web framework (Angular 1 or 2, React, Ruby on Rails)
- Experience developing mobile applications with at least one popular hybrid or native framework (Ionic, React Native, NativeScript)
- Experience with agile methodologies and working in a team environment

Thank you for considering me to become a member of your team.

Sincerely,

Rowan Wiza
