

Animal Care Cover Letter

848 Upton PineBeahanberg, MD 11761-0791

Dear Frankie Jakubowski,

I am excited to be applying for the position of animal care. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for day-to-day supervision of the animal care staff, Animal Care Aides and Technicians who provide direct care and adoption services for the animals within the shelter; prioritize and coordinate work assignments; review assigned work for accuracy.

My experience is an excellent fit for the list of requirements in this job:

- Knowledge and skill in the various species of laboratory animals used in academic or pharmaceutical research, and the care and welfare of laboratory research animals
- Knowledge of "Guide for Care and Use of Laboratory Animals."
- Knowledge and skill to understand the physical, behavioral and environmental requirements of individual species, and to recognize common medical problems in laboratory animals
- Knowledge and skill to understand systems, policies, procedures, guidelines, and regulations that govern and guide TRACS Husbandry as set forth by federal, state and university policies
- AALAS certification at the Assistant Laboratory Animal Technician level is desirable
- Familiarity with of the Guide for care and use of laboratory animals and relevant regulations
- Understand and follow the requirements for cage cards and other documentation
- Experience working in University setting preferred

Thank you for taking your time to review my application.

Sincerely,
