

# Apple Cover Letter

52768 Ward Roads Ashastad, TX 73199

**Dear Reese Beahan,**

Please consider me for the apple opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for regular technical training for sales and marketing team members on new products and solutions when required.

My experience is an excellent fit for the list of requirements in this job:

- Possesses solid knowledge of OSX and related Anti-virus, encryption, and office product technologies
- Good awareness of security risk issues in the OSX environment
- Proven track record of delivering OSX service improvements and compliance remediation
- Good knowledge of the Incident and Change Management process based on ITIL framework
- Apple-engineering related
- Microsoft Engineering-related
- Prior business development/transaction experience in the TV or Movie industries (studio, network, distributor, agency preferred)
- Able to work effectively under time pressure

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,

Ryan Zemlak
