

Application Consultant Cover Letter

830 Art Ranch South Gearldinestad, CO 88050-8236

Dear Tatum King,

I am excited to be applying for the position of application consultant. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for technical consulting related to integrations, trouble shooting application source code and server environments.

Please consider my experience and qualifications for this position:

- Familiar with project management and agile principles would be an advantage
- Upholds a sense of customer service and client satisfaction
- Providing expert consultancy for the development of workflows from CAD to marketing assets creation
- Design and creation of CG based contents including static images, animated videos, web experiences (both 2D and VR) and standalone applications (both 2D and VR) for use in marketing
- Working together with 3DEXCITE Sales team to develop and deliver pitches to clients to grow the pipeline
- Provide technical presentations, demos and workshops or other to help drive user understanding of 3DEXCITE solutions
- Demonstrable strong Unity and C# knowledge and math skills
- Demonstrable knowledge and experience with of real-time rendering engines & deep understanding of the CAD software and services pipeline, including for example CATIA, Alias, VRED, Deltagen, Rhino, 3ds Max, Maya and Adobe suite

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,
