

Application Senior Developer Cover Letter

44989 Jesus WellElenorechester, MO 93156

Dear Azariah Ratke,

In response to your job posting for application senior developer, I am including this letter and my resume for your review.

In my previous role, I was responsible for advanced technical design, development (database and/or GUI), technical support and end-user support of custom developed applications and Web applications.

My experience is an excellent fit for the list of requirements in this job:

- Container Knowledge (WebLogic, Tomcat, WebSphere)
- Spring (MVC, IOC, AOP, JPA, WS, Spring Security)
- SVN, GIT repositories, Eclipse, Pivotal GemFire, Atlassian JIRA
- Agile (Scrum, XP, TDD, SAFe)
- Web Security/Cryptography/SAML (certs)
- TECHNICAL AGILE COACH Experience
- AGILE / XP experience (Agile Scrum Experience Preferred)
- TD Platform / Rally Tool

I really appreciate you taking the time to review my application for the position of application senior developer.

Sincerely,

Brooklyn Rosenbaum
