Application Senior Developer Cover Letter

760 Shanahan VillagesPort Willian, CO 00215-3933

Dear Ari Ruecker,

Please consider me for the application senior developer opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for technical expertise to support the development of technical roadmaps for major applications in collaboration with customers and stakeholders.

Please consider my qualifications and experience:

- Experience with software development best practices such as source code control, issue tracking, prototyping, testing, automated build and deployment
- Understanding of security issues and defensive programming techniques
- Experience with development tools, including IDEA, Jira, Confluence, and Tomcat
- Working experience with software and database modeling
- Exposure to a team oriented work environment
- Microsoft Visual Studio, .Net, Team Foundation Server (TFS), MVC, HTML, CSS, JavaScript, JQuery, Java, SQL, Oracle
- Work productively and efficiently with minimal supervision
- Represent organization on specific projects/tasks

I really appreciate you taking the time to review my application for the position of application senior developer.

Sincerely,

Charlie Bauch
