

Application Support Manager Cover Letter

903 Jame TrackDeetown, KY 10895

Dear Sutton Runolfsson,

I submit this application to express my sincere interest in the application support manager position.

Previously, I was responsible for technical support for all technology users in the SBA, including operating systems, applications and network issues.

Please consider my qualifications and experience:

- Demonstrated understanding in areas of application programming, database and system design
- Planning, organization, critical thinking and problem solving skills
- Quick to learn, understand and apply new concepts, technologies and problem solving techniques
- Managing teams across regions
- Develop and deliver service area strategy – technology strategy & operational strategy
- Strong delivery process oriented – lean, agile, quality driven, continuous integration
- Proficient in IT systems development & deployment, process improvement, new technology acquisition and utilization through presentations, roadshows and workshops
- Run, monitor, maintain, and control all relevant 'in-service' environments

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Story Kautzer
