

# Application Support Specialist Cover Letter

39133 Luci Flats New Robt, IL 10137

**Dear Tyler Orn,**

I am excited to be applying for the position of application support specialist. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for training to administration, production control, and shipping department, as needed, concerning the operating system or billing process.

Please consider my experience and qualifications for this position:

- Familiar with customizing tools like Jenkins, Artifactory, SonarQube, SVN, Git
- Familiar with different technologies like Apache, Maven, Ant, Gradle, Eclipse, HTTP, networking
- Experience with commercial systems on Windows based platform and batch scripting is an advantage
- Experience developing, implementing, and delivering technical or clinical training programs preferred
- Previous experience with EnSite, EP-WorkMate, C7 / Illumien, or RADI systems preferred
- Competent knowledge of technical applications built on different technologies
- Intermediate knowledge of Financial Services Industry and Data Quality Principles
- Basic knowledge of IT Networks in enterprise environment

**Thank you for considering me to become a member of your team.**

Sincerely,

Lennox Kohler
