

Application Support Cover Letter

212 Troy Harbor East Barney, MA 43006

Dear Sam Dietrich,

I am excited to be applying for the position of application support. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for level 1 problem determination and support for Marriott's LightSpeed PMS and integrated applications using documented procedures and available tools.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience with working on .Net framework
- Able to perform basic automation scripting
- A client focus and sensitive "bedside manner"
- Analytical skill and attention to detail
- Configuration of Windows Server environments
- Managing VMWare virtual machines
- Installation and configuration of JBoss/Wildfly
- Database configuration and performance tuning (Oracle and SQL Server)

Thank you for considering me to become a member of your team.

Sincerely,

Greer Cummerata
