

Architect Manager Cover Letter

14705 Medhurst CanyonMosciskiton, WV 51318

Dear Zion Larson,

I would like to submit my application for the architect manager opening. Please accept this letter and the attached resume.

Previously, I was responsible for good attention to detailsMust be excited by challenges surrounding the development of massively scalable distributed systems.

My experience is an excellent fit for the list of requirements in this job:

- OpenText SAP xECM solution implementation experience
- Content Server in AWS Cloud implementation experience
- Retail bill payment, domestic & international money movement, and/or digital wallet provisioning and payments
- Service Oriented Architecture and integration
- Strong knowledge of eCommerce infrastructure concepts such as load balancing, traffic management, DMZs, security
- Single point ownership for all Technology Requirements, Architecture, Design and Delivery for Batch stack
- Proactively influence the Target Technology and Functional state of entire stack for Batch Management
- Become a Techno-functional SME for Batch Management processes and business logic of the platform

Thank you for taking your time to review my application.

Sincerely,

River Gleason
