

# Architect Manager Cover Letter

476 Yost FallPort Mayolaton, NE 46937

**Dear Parker Block,**

I would like to submit my application for the architect manager opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for support for designing and building mission critical, high volume transactions and highly scalable systems across globally distributed data centers.

Please consider my qualifications and experience:

- Define and cultivate strategic technology partnerships including determining how to effectively leverage 3rd party solutions today and in the future
- Technical Architect experience in Pensions, Finance or Insurance
- Developed risk analysis and mitigation skills
- Project Planning and Estimating, Systems Analysis and Assessment
- Able to demonstrate proficiency in upward communication and team communication
- Experience working with Microsoft .Net Applications
- Demonstrated experience in building and driving product delivery teams
- Leadership skills that include discipline, software development process expertise, agile, risk management, and complex solving

**Thank you for your time and consideration.**

Sincerely,

Denver D'Amore
