Architect Manager Cover Letter

3948 Georgie InletSpencerchester, WI 93254-3907

Dear Stevie Conn,

I am excited to be applying for the position of architect manager. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for technical direction for the development, engineering, interfacing, integration, and testing of specific hardware and software components and systems.

Please consider my qualifications and experience:

- Proficient in writing scripts using Python or Bash
- Experience configuring applications in production environments to monitor end-to-end system metrics, logs and application specific metrics
- Experience using CI/CD tools (Git, Jenkins, Nexus/Artifactory,Chef/Ansible/Salt, etc)
- Proficient in the use of development tools (IDEs and Source Control - GIT)
- Working knowledge of AWS services SNS/SQS, CloudWatch, DynamoDB
- Missile defense program experience
- System architect background
- Breath of expertise in cloud computing, technologies, and architectural best practices

Thank you for considering me to become a member of your team.

Sincerely,

Emery Koch
