

Architect Manager Cover Letter

4688 Runte Street West Vernonmouth, NE 49449-6750

Dear Corey Schaefer,

In response to your job posting for architect manager, I am including this letter and my resume for your review.

In my previous role, I was responsible for expertise in DevOPS methodologies and tools, and adept at guiding a product team through improving software delivery towards a Continuous Delivery approach.

My experience is an excellent fit for the list of requirements in this job:

- Leadership skills to indirectly lead cross-functional teams toward common solutions
- High Tech
- Experience with most common Software development lifecycles and test methodologies
- Functional and non-functional test activities / projects management experience
- Overview of quality frameworks
- Experience with performance testing implementation (Apache JMeter, BlazeMeter, Loadsofia, HP Loadrunner or similar)
- Cross browser testing approach experience (test environment setup, tools like Browser stack)
- Key knowledge and skillsets on IT infrastructure, architecture and development background

Thank you for taking your time to review my application.

Sincerely,

Frankie Bayer
