Dear Morgan Fisher,

I am excited to be applying for the position of assembly / production. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for engineering support to cell assembly as well as electrodes production teams to resolve manufacturing process issues.

Please consider my qualifications and experience:

- Flexible to work days, nights or weekends
- Demonstrated technical knowledge to solve a range of problems
- Effective verbal, written and visual presentation communication skills
- Problem detection and recognition, problem nature's identification
- Effective personal time management and strong interpersonal skills
- Critical analysis capabilities, evaluation and synthesis of new and complex ideas
- Flexibility to changing work environment/conditions
- Application of fundamental Project, Service and Relationship Management Principles

Thank you for taking your time to review my application.

Sincerely,

Quinn Schroeder
