Dear Dakota Lynch,

In response to your job posting for asset analyst, I am including this letter and my resume for your review.

Previously, I was responsible for technical and data support to Real Estate Portfolio Manager and Real Estate Portfolio Group.

My experience is an excellent fit for the list of requirements in this job:

- Experience with writing SQL scripts or queries
- Strong in PC applications (MS Excel, Word, Visio, PowerPoint)
- Unique combination of analytic knowledge, presentation, and customer-facing skills
- Permits sitting
- BMC Remedy - Asset/Inventory tracking within software tool
- Knowledge of ITAM - lifecycle management - what needs to done, decommissioning hardware in the tool, needs someone who is technical & functional on tool
- SAP, SAS, and/or SQL
- Experience of manipulating data sets using various techniques and tools

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Rory Zieme
