

Asset Analyst Cover Letter

82861 Koepp Center East Malcomhaven, GA 03754

Dear River O'Connell,

I submit this application to express my sincere interest in the asset analyst position.

In my previous role, I was responsible for grading of all loan types including commercial and industrial credits, commercial real estate, dealer flooring, leasing, non-profit, agricultural and individual borrowers (including reliant guarantor grading).

My experience is an excellent fit for the list of requirements in this job:

- Approves Asset write offs
- Microsoft Office Proficiency – specially Excel and Word
- Be very comfortable with manipulation of large amounts of data
- Be curious and draw conclusions from the data
- Good work ethic with an eye on project timeline and deliverables
- Function as a point of contact for Asset Management questions from departments and end users
- Organize, plan and administer various phases of day to day provisioning for Branch Moves, Adds and Changes
- Maintain spares and coordinate warranty repairs

I really appreciate you taking the time to review my application for the position of asset analyst.

Sincerely,

Parker Hoppe
