

Assistant, Engineering Cover Letter

600 Niesha GrovesPrincetown, MS 84585

Dear Corey Effertz,

I submit this application to express my sincere interest in the assistant, engineering position.

In the previous role, I was responsible for inputs for strategic building level capital planning and cost forecasting, for all electrical power distribution infrastructure improvements, such as, power for new area or change of occupancy, increasing power distribution capacity, replacement of EOL electrical equipment, and energy efficiency improvements/ securing of utility rebates.

Please consider my experience and qualifications for this position:

- GPS Software, Trimble
- Autodesk AutoCAD Map
- Knowledge of cartographic principles
- Perform a wide variety of duties and responsibilities with accuracy under time sensitive deadlines
- Develop scripts using programming tools such as Python, which is necessary to facilitate the GIS functions
- Detail-oriented and able to follow complex workflows
- Interpret and analyze technical drawings
- Knowledge with instrumentation and sensors

Thank you for your time and consideration.

Sincerely,

Justice Kuhn
