

Associate Director, Digital Cover Letter

1279 Hettinger Trail
Verniafort, OH 42379

Dear Royal Moen,

I submit this application to express my sincere interest in the associate director, digital position.

In my previous role, I was responsible for direction and oversight to Digital Core+SAP S4 program team resources including third party partners for the multi-phases of program from feasibility to deployment and execution.

My experience is an excellent fit for the list of requirements in this job:

- Knowledge of key digital formats, digital distribution systems, music and media industries
- Good overall understanding of different roles throughout a recording company
- Experience establishing collaborative relationships in an enterprise setting across different groups and on an international scale
- Runs account activity
- Collects, contributes to and delivers relevant and high quality marketplace insights to clients, demonstrating value and ensuring Carat are the preferred source of marketplace insight
- Willingness to mentor junior staff and interns
- Digital acumen – Excellent knowledge and clear understanding of our digital capabilities
- Excel across all spheres of communication and demonstrate excellence through leadership/example

I really appreciate you taking the time to review my application for the position of associate director, digital.

Sincerely,

Parker Grimes
