

# Associate Manager Cover Letter

6533 Lueilwitz LoopWymanburgh, DE 59248

**Dear Emerson Jenkins,**

I submit this application to express my sincere interest in the associate manager position.

Previously, I was responsible for advice and counsel to all levels in the organization regarding policies, procedures, and best practices.

Please consider my experience and qualifications for this position:

- Shows a strong passion for quality that drives excellent results
- Applies ICARE values, Continuous improvement, and Growth Mindset in all work interactions and engagements
- Proven strengths in communicating and interacting across all levels in the organization
- Exhibits excellent analytical and decision-making skills
- Experience with Reporting including the usage of relevant tools and software packages
- Associate manager
- Perform or supervise complex statistical analyses and create or provide input to statistical reports
- Cooperate with other biostatistical and company departments to optimize global efficiency

**I really appreciate you taking the time to review my application for the position of associate manager.**

Sincerely,

Oakley Bahringer
