

Associate, Research Cover Letter

41050 Parker CourseSondrashire, MO 89600

Dear Drew Vandervort,

I submit this application to express my sincere interest in the associate, research position.

In the previous role, I was responsible for tabular and graphic summaries that accurately reflect the results of the analysis in a form suitable for inclusion in manuscripts for publication or presentation at scientific meetings.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Passion for and solid knowledge of emerging trends in agriculture
- Skilled with MS Office and other standard computer and software systems
- Experience with seed technology industry and plant breeding
- Knowledge of/experience with harvest equipment
- Background in statistics and experiment design
- Excellent technical bench skills
- Experience with proteomics and/or metabolomics sample preparation for mass spectrometry
- Experience with H/UPLC and mass spectrometry (Thermo Orbitrap and LTQFT systems)

I really appreciate you taking the time to review my application for the position of associate, research.

Sincerely,

Quinn Satterfield
