

Associate, Research Cover Letter

22400 Lauralee ParksNew Dominication, WI 71607

Dear Emery Feest,

Please consider me for the associate, research opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for mentorship to junior staff members, aid in the development of grant applications and contribute to writing scientific manuscripts.

My experience is an excellent fit for the list of requirements in this job:

- Directly-related experience, typically as a Research Assistant, Research Technician or Postdoctoral Fellow/Associate
- Possess relevant analytical chemistry, technical writing, and computer skills
- Evidence of independent or collaborative research through publications
- MSc in Chemistry preferably Organic chemistry
- Good experimental skills as evidenced by independent project work
- Realization of experimental devices (lab scale & pilot scale in research center or on site)
- Installation of new equipment (pilot, analysers)
- Samples analysis

Thank you for considering me to become a member of your team.

Sincerely,

Justice Halvorson
