

Associate Web Developer Cover Letter

392 Runolfsson HarborsNew Andretown, DE 54538

Dear Bellamy Olson,

Please consider me for the associate web developer opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for support to our brands as a technical back up to development agencies helping them understand Darden policies and procedures as well as assisting when necessary.

Please consider my experience and qualifications for this position:

- Experience collaborating with UX professionals and visual designers
- Experience coding accessible websites and/or with semantic HTML5
- Experience with contemporary Web animation and visualization libraries and frameworks (e.g., CSS3, D3)
- Server-side development skills, particularly in Java or a similar object-oriented language
- Experience working with content management systems and/or developing for CMS-managed sites
- Expertise in Web display technologies, particularly modern JavaScript libraries frameworks (e.g., React/Redux), Backbone/Marionette), CSS (including experience with SASS, LESS, and/or PostCSS), and HTML
- Working knowledge of databases (NoSQL and/or relational), RESTful service architectures, and Web architecture components (e.g., NGINX, Varnish, Apache)
- Experience collaborating with Web designers or working within the constraints of a specifically designed Website

I really appreciate you taking the time to review my application for the position of associate web developer.

Sincerely,
