

# Associate Web Developer Cover Letter

2941 Willis CovesLake Phylisstown, VA 52765-7462

**Dear River Mante,**

In response to your job posting for associate web developer, I am including this letter and my resume for your review.

In the previous role, I was responsible for informal technical and administrative direction for personnel performing software development tasks, including the review of work products for correctness, adherence to the design concept and to user standards, and for progress in accordance with schedules.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Development expertise with the Visual Studio IDE Knowledge of Model-View-Controller (MVC) architecture (and the emerging MVVM)
- Working knowledge of Maven, SVN, NPM, Gulp
- Experience with modern JS frameworks and technology ? AngularJS, D3, ES6, Node.js and Socket.io
- Exposure to HTML5 and CSS frameworks
- Familiarity with NoSQL (MongoDB, ElasticSearch)
- Familiarity with JavaScript testing frameworks, Jasmine/Karma, Cucumber
- Knowledge of MFC/wxWidgets or any UI frameworks is preferred
- Knowledge of Web development using any Web Architecture frameworks is preferred

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,

Emerson Prohaska
