

Astronaut Cover Letter

77200 Hyatt Squares North Lenmouth, NH 02199

Dear Peyton Russel,

In response to your job posting for astronaut, I am including this letter and my resume for your review.

In my previous role, I was responsible for command and control recommendations for postured alert rescue forces; and provide just-in-time mission refresher at deployed locations.

Please consider my qualifications and experience:

- Self-motivated with proven leadership skills
- Able to effectively manage numerous projects and tasks at a time, while meeting aggressive deadlines
- Plan annual HRP Investigators' Workshop for HAB sessions/panels

Thank you for your time and consideration.

Sincerely,

Peyton Hudson
