

Audio Cover Letter

8631 Little RidgesKshlerinberg, GA 69403

Dear Emerson Kohler,

I am excited to be applying for the position of audio. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for support for conference room setup, audio/video conferencing, and other audio/visual related tasks as necessary.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Specify tools, refine pipelines, establish best-practices, manage risk
- Demonstrated console and AAA experience
- Expert proficiency with standard audio production software (Pro Tools, Sound Forge,) and both Macintosh and Windows platforms
- Broad experience with all stages of the sound production pipeline
- Experience working and mixing in surround, managing dynamic range and frequency response for differing playback environments
- Deep, demonstrable experience with complex, high-end, in-engine audio implementation
- An ear for detail and a well-developed creative and aesthetic sense
- An open mind, willing to challenge conventional wisdom and find creative solutions to impossible problems

Thank you for considering me to become a member of your team.

Sincerely,

Campbell Medhurst
