

Audiologist Cover Letter

3515 Mills Terrace South Larondamouth, NV 61437-6367

Dear Casey Schamberger,

I submit this application to express my sincere interest in the audiologist position.

In the previous role, I was responsible for education and consultation to hospital staff and community to increase knowledge of auditory disorders, implications and management.

My experience is an excellent fit for the list of requirements in this job:

- Aural habilitative/rehabilitative counseling services including selection of assistive listening devices
- Ototoxic monitoring for inpatients and outpatients
- Demonstrated experience and skill in performing assessments for auditory processing
- Experience giving hearing aid evaluations and fittings including needs assessment, appropriate verification techniques such as real ear measures, and outcome measures
- Knowledge of current hearing aid technologies available and their particular use with each individual patient to develop or increase communication skills
- Demonstrated knowledge of cochlear implants and skill with implant mapping and troubleshooting equipment across devices
- Demonstrated experience and skill in performing diagnostic services related to balance pathology
- Extensive knowledge of when and how to perform balance maneuvers such as the Dix-Hallpike, and Semont-Epley maneuvers

Thank you for considering me to become a member of your team.

Sincerely,

Emerson Cummerata
