

Audit & Assurance Cover Letter

50077 Emard Station Lynchburgh, ND 81313-4573

Dear Emerson Will,

In response to your job posting for audit & assurance, I am including this letter and my resume for your review.

Previously, I was responsible for leadership, insight and proactive control advice to management and stakeholders on existing weaknesses in controls and emerging threats to the bank by assessing the Technology Infrastructure audit portfolio and advising clients of best practices.

My experience is an excellent fit for the list of requirements in this job:

- Excellent analytical skills, interpersonal and communication skills
- A proven track record in establishing and maintaining excellent relationships with clients
- Experiencing of working with International or Ltd company clients
- CA (Nam) or equivalent
- Excellent business knowledge
- Identify opportunities for the business
- Accounting and problem resolution
- Manage financial processes, policies and procedures

I really appreciate you taking the time to review my application for the position of audit & assurance.

Sincerely,

Shae Zulauf
