

Audit Project Manager Cover Letter

43875 Hand RueSwiftstad, TX 78175-7316

Dear Emerson Hammes,

In response to your job posting for audit project manager, I am including this letter and my resume for your review.

Previously, I was responsible for objective assurance and consulting services to evaluate and improve the company's effectiveness of risk management, governance, and control processes.

My experience is an excellent fit for the list of requirements in this job:

- Present findings to internal management and business in a logical and concise manner
- Develop staff on audits or educate team on area of expertise to improve the department skill set
- Maintain up-to-date knowledge of business and profession
- Train and develop staff on Data Analytics methodology
- Participate in Quality Assurance Reviews as requested
- Seeks out functional and cross functional opportunities for optimising operational and cost efficiency
- Strives to develop innovative solutions and demonstrates originality in the creation of new tasks
- Involves and collaborates with others

Thank you for your time and consideration.

Sincerely,

Sam Kub
