

Back-End Developer Cover Letter

36709 Detra ForgeWest Lyndaberg, CT 48746

Dear Stevie Morissette,

I am excited to be applying for the position of back-end developer. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for full software life cycle development in a variety of technologies.

Please consider my experience and qualifications for this position:

- Some experience of Postgres
- Node.JS, preferably the ExpressJS
- Experience of Progressive Enhancement
- Familiar with domain driven design principles
- Community or enterprise Jboss
- Continuous Integration and Automated Testing using tools like Jenkins/Hudson, Selenium, JUnit
- NoSQL databases like MongoDB or Cassandra
- Understanding of server virtualization using VMWare

Thank you for your time and consideration.

Sincerely,

Landry Casper
