

# Behavioral Health Specialist Cover Letter

357 Gislason Oval East Vonda, PA 54406

**Dear River Ryan,**

I submit this application to express my sincere interest in the behavioral health specialist position.

Previously, I was responsible for education, information and encouragement to patients about available health interventions, including diet, fitness, behavioral and social connectivity programs.

My experience is an excellent fit for the list of requirements in this job:

- Knowledgeable of mental health and substance abuse conditions and their treatment
- Requires flexibility and strong self-motivation / organizational skills to prioritize work and make decisions with minimal supervision
- Requires computer experience / literacy as needed for the job
- Requires a courteous and cooperative service-oriented demeanor
- Six months of experience working with psychiatric or chemically dependent patients
- Six months of experience working in a pediatric behavioral healthcare setting
- Direct familiarity with clinical settings
- Six Sigma Yellow or Green Belt preferred

**Thank you for your time and consideration.**

Sincerely,

Onyx Kerluke
