

BI Engineer Cover Letter

405 Ledner LandKuhicton, AL 22521

Dear Armani Spinka,

I would like to submit my application for the BI engineer opening. Please accept this letter and the attached resume.

Previously, I was responsible for iT services for one of the famous automotive client in programming languages like Java & Scala with knowledge of BigData technologies such as HDFS, Yarn, Spark and Kafka and Kubernetes.

Please consider my experience and qualifications for this position:

- Passion for data analytics and performance tuning
- Familiar with Tableau, Qlick , SSRS or other data visualization tools
- Past experience in implementing BI/Data Warehousing solutions
- Any experience with other BI Technologies such as
- BS in quantities fields
- Solid knowledge of SQL Server administration and T-SQL
- Extensive knowledge on server operating systems Windows Server and Linux etc
- Familiar with BI environment data warehouse, ETL, analysis, reporting etc

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Oakley Veum
