

# BI Engineer Cover Letter

400 Mayer Extension East Adriannastad, HI 70932-8802

**Dear Tatum Grimes,**

Please consider me for the BI engineer opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for technical assistance and training to others in Java, CMS and other web technology and frameworks.

My experience is an excellent fit for the list of requirements in this job:

- Familiar with testing frameworks such as Spock and performance testing applications
- Experience with a variety of reporting tools and technologies (MS-SQLServer, NoSQL, DB2, Oracle, Teradata, Mongo, Cassandra )
- Big Data/Hadoop Platforms
- Experience working in an agile product team
- Knowledge of SQL, Python or R
- Familiar with MDX
- Experience in any Visualization tool
- Experience with user-centered design / UX, familiarity with user research and testing approaches

**I really appreciate you taking the time to review my application for the position of BI engineer.**

Sincerely,

Justice Hand
