

BI Engineer Cover Letter

86060 Faustina SpringNew Maragretfort, PA 43441-1924

Dear Spencer Fritsch,

I would like to submit my application for the BI engineer opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for outstanding support, including on-call support when necessary Python, Java, SQL and Oracle.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Good to master any tool of Jenkins, TeamCity etc
- Good to master any tool of Chef, Puppet or Zabbix etc
- Proven records working in a disciplined IT environment
- ME or BE or equivalent
- Experiences with life cycle management in any product
- Experience in Weblogic, Jython/python/WLST
- Advanced working knowledge of data mining using SQL, SSIS, ETL, data warehouse Excel and Redshift
- Very strong Knowledge with SQL, PL/SQL, Unix shell scripting & Informatica 9.X

Thank you for taking your time to review my application.

Sincerely,

Dallas Oberbrunner
