

Billing Team Lead Cover Letter

349 Zora Road Mitchelltown, MA 48861

Dear Cameron Mann,

I submit this application to express my sincere interest in the billing team lead position.

Previously, I was responsible for support, guidance and training to billing Department personnel and acts as first line of support for billing specialists on all matters.

My experience is an excellent fit for the list of requirements in this job:

- Proficiency in Windows operating system and Microsoft Office applications (Word, Excel)
- Excellent communication, interpersonal, and staff training skills
- Strong delegation skills coupled with a high aptitude for monitoring simultaneous staffing projects
- Propensity to effectively bring complex issues to a satisfactory resolution with both internal and external partners
- Strong background applying revenue recognition principals related to software, service contracts, and multiple element deliverables
- Experience with JavaScript MVC frameworks (Ember JS, React, Angular, Backbone)
- Ensure the quality, the timing and consistency of the ACN client billing for the assigned region
- Provide billing support and advise to ACN client/project teams, CFMs, local country controllership, Receivables Management and other teams, where applicable

I really appreciate you taking the time to review my application for the position of billing team lead.

Sincerely,
